The undersigned, as Bidder, declares they will comply with prevailing wages in accordance with the Illinois Department of Labor Standards. The State of Illinois requires contractors and subcontractors on public works projects (including Four Rivers Sanitation Authority) to submit certified payroll records on a monthly basis, along with a statement affirming that such records are true and accurate, that the wages paid to each worker are not

less than the required prevailing rate and that the contractor is aware that filing false records is a Class B Misdemeanor.

Transcripts of certified payroll shall be filed using the IDOL portal at <https://www2.illinois.gov/idol/Laws-Rules/CONMED/Pages/prevaling-wage-act.aspx>

- 2. Public Act 83-1472.** Article 2 of Public Act 83-1472 provides that Illinois residents be employed on Illinois public works projects, provided there has been a period of excessive unemployment (5%) in the State of Illinois as defined in the Act; and, further, that Illinois workers are available and capable of performing the particular type of work involved.

2. Where the executive head of the public agency certifies in writing that (a) the specified products are not manufactured or produced in the United States in sufficient quantities to meet the agency's requirements, or (b) obtaining the specified products, manufactured or produced in the United States would increase the cost of the contract by more than 10%.
3. When its application is not in the public interest.

2.8 Terms

A. Payments to the Successful Bidder. such picketing or labor-management dispute, the successful bidder shall continue to carry out the terms and conditions of this contract as if such pickets were not present or such labor-management dispute did not exist.

Time of delivery is part of the Authority's consideration of each bid.

2. F.O.B. Point and Shipping Charges. All prices shall be quoted F.O.B. destination, Four Rivers Sanitation Authority, 3333 Kishwaukee St., Rockford, Illinois, 61109. All shipping, handling and freight charges must be included in the bid amount.

2.9 Quantities Estimated Only

The estimated quantities of the various items of work and materials, as set forth in the bid form, is approximate only and is given solely to be used as a uniform basis for the comparison of bids. The quantities actually required to complete the contract work may be less or more than so estimated, and if awarded a contract for the work specified, the Contractor further agrees that they will not make any claim for damages or for loss of profits or for an extension of time because of a difference between the quantities of the various classes of work assumed for comparison of bids and quantities of work performed.

2.10 Investigation

It shall be the responsibility of the bidder to make any and all investigations necessary to become thoroughly informed of what is required and specified in the bid document. No plea of ignorance by the bidder of conditions that exist or that may hereafter exist as a result of failure or omission on the part of the bidder to make necessary examinations and investigations will be accepted on a basis for varying the requirements of the Authority or the compensation of the bidder.

2.11 Addenda

If the Authority issues written addenda, such addenda shall become part of the contract documents. Not less than 3 business days prior to the bid opening date, the Authority will post the addenda on its website at fourrivers.illinois.gov, and distribute the addenda via email to each recipient of the specifications, at either the:

The Contract Form is part of this Invitation to Bid. If the successful bidder fails to complete the Contract Form within the specified time, they shall be in material default.

2.13 Contract Termination

A. Bidder's Unacceptable Performance. If the successful bidder fails to perform services or provide materials in conformity with this Invitation to Bid, the Authority shall notify them in writing. If the same performance deficiency recurs despite the Authority's notification and the successful bidder's temporary correction, the successful bidder shall likewise be in default. The Authority may, at its sole discretion, terminate the **Sodium Bisulfite Solution Supply** contract with the defaulting successful bidder, and remedy the matter under provisions set forth in Section 2.8B of this Invitation to Bid.

B. Authority's Action Following Contract Termination. If the contract is terminated, the Authority may, at its sole option:

1. request new Sodium Bisulfite Solution Supply bids or
2. designate the next-low bidder to perform the Sodium Bisulfite Solution Supply contract, provided that said next-low bidder agrees to their original bid terms.

The Authority may repeat this option until it obtains an acceptable Sodium Bisulfite Solution Supply contract.

2.14 "No Bid" Response Form

In the event you elect not to bid, please fill out and return the attached "No Bid" form.

2.15 Indemnification Clause

Successful respondent/contractor shall protect, indemnify, hold and save harmless and defend the Authority, its officers, officials, employees, volunteers, and agents against any and all claims, costs, causes, actions and expenses, including but not limited to attorney's fees incurred by reason of a lawsuit or claim for compensation arising in favor of any person, including the employees, officers, independent contractors, or subcontractors of the successful respondent/contractor or Authority, on account of personal injuries or death, or damages to property occurring, growing out of, incident to, or resulting directly or indirectly from the performance by the successful respondent/contractor or subcontractor, whether such loss, damage, injury, or liability is contributed to by the negligence of the Authority or by premises themselves or any equipment thereon whether latent or patent, or from other causes whatsoever, except that the successful respondent/contractor shall have no liability for damages or the costs incident thereto caused by the sole negligence of the Authority.

The indemnification shall not be limited by a limitation on amount or type of damages payable by or for the successful respondent/contractor or its subcontractor under any employee benefits act including, but not limited, to the Workers' Compensation Act.

No inspection by the Authority, its employees, or agents shall be deemed a waiver by the Authority of full compliance with the requirements of the Contract. This indemnification shall not be limited by the required minimum insurance coverage in the Contract.

2.16 Force Majeure

The obligations of either the Authority or the successful bidder shall be suspended during the time as such party is prevented from complying therewith in whole or in part because

of any cause, except financial, beyond the reasonable control of such party. In the event of either the Authority or the successful bidder being rendered unable wholly or in part by force majeure to carry out its obligations under the contract, other than to make payments due, it is agreed that on such party giving notice and full particulars of such force majeure in writing to the other party as soon as possible after the occurrence of the cause relied on, then the obligations of the parties insofar as they are affected by such force majeure shall be suspended during the continuance of any inability so caused but for no longer period, and such cause shall as far as possible be remedied with all reasonable dispatch.

2.17 Insurance

A. The successful respondent/contractor, for the duration of the contract, shall maintain the following:

General Liability: \$1,000,000 combined single limit per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project or the general aggregate limit shall be twice the required occurrence limit.

Auto Liability: \$1,000,000 combined single limit per accident for bodily injury and property damage including coverages for owned, hired or non-owned vehicles, as applicable.

Workers' Compensation and Employers' Liability: Workers' Compensation limits as required by statute and Employers' Liability limits of \$500,000 per accident and \$500,000 per disease.

Umbrella: \$2,000,000 per occurrence/aggregate.

The policies shall contain, or be endorsed to afford Contractual Liability coverages for the following provisions in the General Liability and Automobile Liability coverages:

1. The Authority, its officers, officials, employees, and volunteers shall be covered as additional insureds as respects liability arising out of activities performed by or on insured's general supervision of the successful respondent/contractor, products and completed operations of the successful respondent/contractor, premises owned, occupied or used by the successful respondent/contractor, or automobiles owned, leased, hired, or borrowed by the successful respondent/contractor. The coverage shall contain no special limitations on the scope of protection afforded to the Authority, its officers, officials, employees, volunteers, or agents.
2. The successful bidder's/contractor's insurance coverage shall be primary insurance as respects the Authority, its officers, officials, employees, volunteers, and agents. Any insurance or self-insurance maintained by the Authority, its officers, official employees, volunteers, or agents shall be in excess of the successful respondent's/contractor's insurance and shall not contribute with it.
3. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the Authority, its officers, officials, employees, volunteers, or agents.

The successful respondent's/contractor's insurance shall apply separately to each

insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

B. Proof of Insurance – Certificate of Insurance. No more than 10 calendar days subsequent to the Authority's issuance of an award letter and no later than 30 days before commencement to work, the successful respondent/contractor shall provide documentation including a Certificate of Insurance, and primary, non-contributory additional insured endorsements for general and auto liability to prove that it has obtained all required insurance and bonds. The Authority shall be the sole judge as to the acceptability of any such proof.

C. Correction of Successful Bidder's Insurance Deficiencies. If the Authority determines that the successful bidder's insurance or documentation does not conform to these specifications, the Authority shall inform said bidder of the non-conformity. If said bidder fails to provide conforming insurance or documentation within five calendar days of the Authority's notice, they shall be in default.

D. Best's Ratings.

1. **Alphabetical Rating.** For purposes of this Request for Bids, "insurer" shall mean any surety, insurance carrier, or other organization which proposes to provide an insurance policy or bond for the successful respondent/contractor. No insurer or surety rated lower than "A-," **Excellent**, in the current Best's Key Rating Guide shall be acceptable to the Authority.

2. **Financial Size Rating.** Provided an insurer's alphabetical rating is satisfactory, the Authority will examine said insurer's financial size rating.

- a) If Best classifies the insurer XII or larger, said insurer shall be acceptable to the Authority.
- b) If Best classifies the insurer as smaller than XII, but larger than VI, said **insurer shall be submitted to the Authority's Director of Management Services and/or the Authority's insurance consultant for review.**

Financial Size ratings less than VII are not acceptable and will disqualify the respondent/contractor.

E. Suitability of Insurance. The Authority shall be the sole judge of whether an insurer's rating is satisfactory. The Authority's decision shall be final and the Authority's bidding procedures contain no appeal provision.

2.18 Responsive/Responsible Bidder

A. Evaluation of Responsiveness. The responsiveness of bidders will be judged on the basis of the completeness of the bid submitted. To be responsive, a Bid must be submitted on the forms provided as part of the Bid Documents and comply with all the requirements of the Invitation to Bid.
