The quantities actually required to complete the contract work may be less or more than so estimated, and if awarded a contract for the work specified, the Contractor further agrees that they will not make any claim for damages or for loss of profits or for an extension of time because of a difference between the quantities of the various classes of work assumed for comparison of bids and quantities of work performed.

The indemnification shall not be limited by a limitation on amount or type of damages payable by or for the successful respondent/contractor or its subcontractor under any employee benefits act including, but not limited, to the Workers' Compensation Act.

No inspection by the Authority, its employees, or agents shall be deemed a waiver by the Authority of full compliance with the requirements of the Contract. This indemnification shall not be limited by the required minimum insurance coverage in the Contract.

## 2.16 Force Majeure

The obligations of either the Authority or the successful bidder shall be suspended during the time as such party is prevented from complying therewith in whole or in part because

of any cause, except financial, beyond the reasonable control of such party. In the event of either the Authority or the successful bidder being rendered unable wholly or in part by force majeure to carry out its obligations under the contract, other than to make payments due, it is agreed that on such party giving notice and full particulars of such force majeure in writing to the other party as soon as possible after the occurrence of the cause relied on, then the obligations of the parties insofar as they are affected by such force majeure shall be suspended during the continuance of any inability so caused but for no longer period, and such cause shall as far as possible be remedied with all reasonable dispatch.

## 2.17 Insurance

**A.** The successful respondent/contractor, for the duration of the contract, shall maintain the following:

**General Liability:** \$1,000,000 combined single limit per occurrence for bodily injury, personal injury and property damage. **Auto Liability:** \$1,000,000 combined single limit per accident for bodily injury and property damage including coverages for owned, hired or non-owned vehicles, as applicable.

**Workers' Compensation and Employers' Liability:** Workers' Compensation limits as required by statute and Employers' Liability limits of \$500,000 per accident and \$500,000 per disease.

The coverage shall contain no special limitations on the scope of protection afforded to the Authority, its officers, officials, employees, volunteers, or agents.
2. The successful bidder's/contractor's insurance coverage shall be primary insurance as respects the Authority, its officers, officials, employees, volunteers, and agents. Any insurance or self-insurance maintained by the Authority, its officers, official employees, volunteers, or agents shall be in excess of the successful respondent's/contractor's insurance and shall not contribute with it.
3. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the Authority, its officers, officials, employees, volunteers, or agents.

The successful respondent's/contractor's insurance shall apply separately to each

insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

**B. The Authority shall be the sole judge as to the acceptability of any such proof.

**C. Correction of Successful Bidder's Insurance Deficiencies.** If the Authority determines that the successful bidder's insurance or documentation does not conform to these specifications, the Authority shall inform said bidder of the non-conformity. If said bidder fails to provide conforming insurance or documentation within five calendar days of the Authority's notice, they shall be in default.

**D. Best's Ratings.**

1. **Alphabetical Rating.** For purposes of this Request for Bids, "insurer" shall mean any surety, insurance carrier, or other organization which proposes to provide an insurance policy or bond for the successful respondent/contractor. No insurer or surety rated lower than "A-," **Excellent**, in the current Best's Key Rating Guide shall be acceptable to the Authority.

- a) If Best classifies the insurer XII or larger, said insurer shall be acceptable to the Authority.
- b) If Best classifies the insurer as smaller than XII, but larger than VI, said **insurer shall be submitted to the Authority's Director of Management Services and/or the Authority's insurance consultant for review.**

Financial Size ratings less than VII are not acceptable and will disqualify the respondent/contractor.

**E. Suitability of Insurance.** The Authority shall be the sole judge of whether an insurer's rating is satisfactory. The Authority's decision shall be final and the Authority's bidding procedures contain no appeal provision.

**D. Quantity.** If past patterns prevail, the Authority expects to use approximately 41,500 gallons of Ferric Chloride solution annually. **However, the Authority makes absolutely no warranty as to the quantity, if any, of Ferric Chloride it will purchase from the successful bidder.** In the event the Authority places an order, said order will typically be bulk delivery.

**E. Weigh-In Procedures, Delivery, and Laboratory Analysis.**

1. For purposes of analysis, each truckload shall be a unit and the successful bidder shall provide a sample at the delivery point, upon the Authority's request. The Authority may analyze such a sample by methods it determines to be appropriate. The successful bidder shall allow the Authority to weigh each truckload before delivery and after delivery. The Authority's scale is located at its 3333 Kishwaukee Street entrance. If the Authority's scale malfunctions, the successful bidder shall, at his own expense, drive his truck to an alternative scale, both prior to and following delivery. Standard delivery procedures shall be followed as outlined in Exhibit A.

2. The successful bidder shall provide a written laboratory analysis with each truckload of Ferric Chloride. The successful bidder's driver shall present the analysis to the Authority's guard at the point of delivery. In order to demonstrate that his Ferric Chloride conforms to this specification, the successful bidder shall provide the Authority with quarterly analysis sheets for representative samples of the Ferric Chloride they are providing the Authority. The heavy metal pollutant concentrations shall be reported in milligrams per kilogram of Ferric Chloride solution. ### **3.3 Fees**

All bids shall include all fees associated with the purchase including any shipping, delivery or doc fees.

### **3.4 Payments to the Successful Bidder**
