Board of Trustees Four Rivers Sanitation Authority

Dear Trustees:

State law requires that the Four Rivers Sanitation Authority (Authority) publish a complete set of financial statements presented in conformance with United States Generally Accepted Accounting Principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of independent licensed certified public accountants. Pursuant to that requirement, we hereby issue the Four Rivers Sanitation Authority's Annual Comprehensive Financial Report ("Annual Report") for the fiscal year ended April 30, 2022.

The Annual Report consists of management's representations concerning the finances of the Authority. Accordingly, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of the Authority has established a comprehensive internal control framework that is designed both to protect the Authority's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Authority's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh the benefits, the Authority's framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The independent auditing firm of Lauterbach & Amen, LLP has audited the Authority's financial statements. The purpose of the independent audit conducted by Lauterbach & Amen, LLP was to review and provide reasonable assurance that the Authority's financial statements for the fiscal year ending April 30, 2022 are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, Lauterbach & Amen, LLP expresses no such opinion. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Authority's financial statements for the fiscal year ended April 30, 2022 are fairly presented in conformity with GAAP. The Independent Auditor's Report is presented as the first component of the Financial Section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This Letter of Transmittal is designed to complement the MD&A and should be read in conjunction with it. The Authority's MD&A can be found immediately following the Independent Auditors' Report.

PROFILE OF THE AUTHORITY

General

The Four Rivers Sanitation Authority (Authority) was originally incorporated as the Rockford Sanitary Authority in 1926 under the Sanitary Authority Act of 1917. The primary treatment plant was completed in 1931. A secondary treatment plant and additional treatment facilities were added in 1958. Use of vacuum filters began in 1968. In 1972, a bond issue was approved for expansion and a pre-treatment program was instituted that same year. A nitrifying secondary system was added in 1996. A solid treatment upgrade, including anaerobic solid digestion and centrifuge dewatering, was completed in 2002. Additionally, the Authority made several upgrades to the plant in 2019, including the installation of two new 3mm perforated influent bar screens and a new three-meter gravity belt thickener used for dewatering of primary sludge.

Service Area

The Authority covers approximately 103 square miles of Winnebago County and serves over 240,000 people in the communities of Rockford, Loves Park, Machesney Park, Roscoe, Cherry Valley, New Milford, Village of Winnebago, and a small part of Rockton and a number of unincorporated areas of Winnebago County.

Authority Services

The Authority cleanses the wastewater in accordance with the Authority's Illinois Environmental Protection Agency (IEPA) Permit before effluent is released back into the environment. This process safeguards public health and protects aquatic life in the waterway that receives the effluent. Staff regularly inspects and evaluates the health of the aquatic ecosystem in the receiving waterway to ensure compliance with state and federal water quality standards.

The Authority owns and maintains a majority of the wastewater collection sewers within the service area. The Authority's approximately 1,143-mile-long network of buried sewers conveys wastewater from residential, industrial and other business sites to the treatment plant in southeast Rockford. The collection facilities consist of gravity sewers, as well as approximately 33 pumping stations and pressure sewers. The gravity system consists of large and small diameter sewer lines. The largest gravity lines are interceptor and trunk sewers of diameters up to six feet that often follow rivers, creeks and drainage ways. Eight and ten-inch diameter lateral (neighborhood) sewers flow to larger interceptors and trunks.

Once the wastewater is collected, the Authority provides treatment at facilities located on Kishwaukee Street in Rockford. The Authority currently provides secondary wastewater treatment consisting of the following major treatment components:

- Raw wastewater pumping station with Parshall flume for recording the quantity of incoming wastewater to the treatment facility.
- Bar screen and primary settling tanks.
- Aeration tanks that provide for biological removal of contaminants from the wastewater.
- Final settling tanks followed by chlorine contact tanks and the discharge of the treated wastewater to the Rock River.

- Removal of solids from the wastewater to be thickened and pumped into heated anaerobic digesters where the wastes are stabilized and methane gas is produced. Those solids will be applied to farmland as a fertilizer and soil conditioner.
- The methane gas produced by the anaerobic digester is used as a fuel to operate generators that help produce heat for the anaerobic digester operation and electricity to operate the plant.

Governance

The Authority's governing body is the Four Rivers Sanitation Authority Board of Trustees, which is composed of five members. The Board determines Authority policy, approves the annual budget, levies taxes, authorizes the payment of bills, approves bids and contracts involving Authority business and adopts Authority ordinances.

Budgets

The general provisions that regulate the Authority's budget and appropriation procedures are set forth in Illinois statutes. The Executive Director is required to submit an operating, debt service and capital budget to the Board of Trustees on an annual basis.

FACTORS AFFECTING FINANCIAL CONDITION

The Board of Trustees, as well as the Executive Director and staff, are intent on maintaining the Authority's strong financial position, while continuing to provide high quality services to its constituents. The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Authority operates.

Local Economy

The current economic condition of the region has been impacted by the ongoing COVID pandemic. The unemployment rate in Rockford for 2021 was 10.3% as compared to 11.4% in 2020. Winnebago County unemployment rates are reported at 8.4%, a decline from 11.4% in 2020.

Despite the unemployment rates, property values continued to increase. After years of declining property values during and after the Great Recession of 2008, for the sixth consecutive year taxable valuations have increased. Taxable valuations in 2021 increased 5.4% following a 5.6% increase in the Authority's service area in 2020.

Long-Range Financial Planning

The Authority's operating budget utilizes a user charge stabilization fund and an equipment replacement fund to help stabilize user charge rates while improving customer service and implementing operational efficiencies. In addition, the Authority maintains long-range financial plans for its Operations and Maintenance (O&M) and Capital budgets. The Authority's ten-year financing plan for the capital budget seeks to accomplish the Authority's capital program needs within the following financing objectives:

- Utilizing existing revenue sources, provide, at a minimum, 20% cash financing for capital projects
- Maintain total outstanding debt at no more than 5.75% of the Authority's Equalized Assessed Valuation

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the Rock River Water Reclamation District (District) for the fiscal year ended April 30, 2021. In June 2021, the District became Four Rivers Sanitation Authority. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded the Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and other applicable requirements.

A Certificate of Achievement is valid for a period of one year. The prestigious award has been received for the last four years. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program requirements and we are submitting it to GFOA to determine its eligibility for certification.

Preparation of this report would not have been possible without the efficient and dedicated service of the Authority's staff. Each staff member is sincerely appreciated for their contribution to the financial operations of the Authority, as well as to this report. We would also like to thank the Authority's Board of Trustees for their interest and support in planning and conducting the financial operations of the Authority in a responsible and progressive manner.

INDEPENDENT AUDITORS' REPORT

September 6, 2022

Members of the Board of Trustees Four Rivers Sanitation Authority Rockford, Illinois

Opinions

We have audited the accompanying financial statements of the the business-type activities, each major fund, and the aggregate remaining fund information of the Four Rivers Sanitation Authority, Illinois, as of and for the year ended April 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the the business-type activities, each major fund, and the aggregate remaining fund information of the Four Rivers Sanitation Authority, Illinois, as of April 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Four Rivers Sanitation Authority, Illinois September 6, 2022 Page 2

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Four Rivers Sanitation Authority, Illinois September 6, 2022 Page 3

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Four Rivers Sanitation Authority, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises of the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Lauterbach & Amen, LLP

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Four Rivers Sanitation Authority's financial performance provides an overview of the Authority's financial activities for the fiscal year ended April 30, 2022. Please read it in conjunction with the transmittal letter, in the introductory section, and the Authority's financial statements, which can be found in the basic financial section of this report.

FINANCIAL HIGHLIGHTS

- The Authority's net position increased as a result of this year's operations. Net position increased by \$21,049,644, or 6.1 percent.
- During the year, revenues totaled \$61,987,012, while expenses totaled \$41,109,368, resulting in an increase to net position of \$20,877,644, prior to a capital grant of \$172,000.
- The Authority's net position totaled \$367,150,828 on April 30, 2022, which includes \$296,128,314 net investment in capital assets, \$10,464,811 in restricted, and \$60,557,703 unrestricted net position that may be used to meet the ongoing obligations to citizens and creditors.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position provide information about the activities of the Authority as a whole and present a longer-term view of the Authority's finances.

This report also contains other supplementary information in addition to the basic financial statements.

Entity-Wide Financial Statements

The entity-wide financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to private sector business.

The Statement of Net Position presents information on all of the Authority's assets and liabilities with the difference between the two reported as net position. Over time, increases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The Authority is unique to many governments, but not unique to other sanitary districts, since it is an entity with three subfunds, proprietary in nature.

USING THIS ANNUAL REPORT - Continued

Proprietary Funds

The Authority maintains one proprietary fund type: an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government–wide financial statements. The Authority utilizes enterprise funds to account for its sewerage operations.

Proprietary fund financial statements provide the same type of information as the entity-wide financial statements, only in more detail. For purposes of the audit, the General Operations subfund, Public Benefits subfund and Special Assessments subfund were combined in to one fund which is considered to be the major fund of the Authority.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Authority's IMRF employee pension obligation, the Authority's other post-employment benefit obligation, and budgetary comparison schedules.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the Authority's financial position. The following tables show that in the case of the Authority, assets/deferred outflows exceeded liabilities/deferred inflows by \$367,150,828.

| | Net Position | |
|------------------------------------|------------------|-------------|
| | 2022 | 2021 |
| | | |
| Current and Other Assets | \$ 93,305,948 | 74,659,767 |
| Capital Assets | 374,706,803 | 376,484,565 |
| Total Assets | 468,012,751 | 451,144,332 |
| Deferred Outflows | 2,648,942 | 3,480,269 |
| Total Assets/Deferred Outflows | 470,661,693 | 454,624,601 |
| | | |
| Long-Term Debt | 75,249,363 | 82,018,613 |
| Other Liabilities | 11,076,946 | 14,332,748 |
| Total Liabilities | 86,326,309 | 96,351,361 |
| Deferred Inflows | 17,184,556 | 12,172,056 |
| Total Liabilities/Deferred Inflows | 103,510,865 | 108,523,417 |
| | | |
| Net Position | | |
| Net Investment in Capital Assets | 296,128,314 | 288,045,759 |
| Restricted | 10,464,811 | 9,962,429 |
| Unrestricted | 60,557,703 | 48,092,996 |
| | | |
| Total Net Position | 367,150,828 | 346,101,184 |
| | | |

A large portion of the Authority's net position, \$296,128,314 or 80.7 percent, reflects its net investment in capital assets (for example, land, construction in progress, treatment plant, sewers and lift station, and machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The Authority uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Authority's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$10,464,811 or 2.9 percent, represents resources that are subject to external restrictions on how they may be used. The remaining 16.5 percent, or \$60,557,703, represents unrestricted net assets and may be used to meet the government's ongoing obligations to citizens and creditors.

| | Change in N | Change in Net Position | |
|------------------------------|---------------|------------------------|--|
| | 2022 | 2021 | |
| Revenues | | | |
| Program Revenues | | | |
| Charges for Services | \$ 52,647,666 | 41,429,725 | |
| General Revenues | | | |
| Property Taxes | 5,224,863 | 5,105,882 | |
| Replacement Taxes | 4,405,232 | 1,895,075 | |
| Interest Income | (324,634) | 383,203 | |
| Miscellaneous | 33,885 | 129,743 | |
| Total Revenues | 61,987,012 | 48,943,628 | |
| Expenses | | | |
| Operating | 39,132,185 | 36,798,210 | |
| Interest Expense | 1,977,183 | 1,741,942 | |
| Total Expenses | 41,109,368 | 38,540,152 | |
| Income Before Capital Grants | 20,877,644 | 10,403,476 | |
| Capital Grants | 172,000 | 1,174,800 | |
| Change in Net Position | 21,049,644 | 11,578,276 | |
| Net Position - Beginning | 346,101,184 | 334,522,908 | |
| Net Position - Ending | 367,150,828 | 346,101,184 | |

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Net position increased by 6.1 percent (\$367,150,828 in 2022 compared to \$346,101,184 in 2021). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled \$60,557,703 at April 30, 2022.

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

The Authority's user charges were \$44,395,511 in fiscal year 2022, which is a 12.2% increase from the prior year. In fiscal year 2022, the Authority had 76,250 customers with billable water usage estimated at 8.5 million units (100 cubic feet). The Authority independently sets user fees that are calculated based on the quantity and quality of wastewater treated.

The Authority's operating expenses are grouped into three categories, operations, administration and depreciation. Operations and administration include salaries, employee benefits, supplies, contractual services, and repair and maintenance expenses. Depreciation results from allocating the cost of capital assets to providing services over the asset's useful lives. Total operating expenses were \$39,132,185 in fiscal year 2022. Operating expenses less depreciation were \$22,950,297, an increase of \$639,906 or 2.9% from fiscal year 2021.

Operating income for the Authority totaled approximately \$13,515,481 in fiscal year 2022, which is \$8,883,996 more than the previous year. The surplus in operating income is considered a temporary state and can be attributed to capital projects which were delayed due to COVID and supply chain issues, which resulted in those user fees committed to capital projects to remain unspent.

BUDGETARY HIGHLIGHTS

The Authority did not amend their budget during the fiscal year. For the current year, total operating revenue received was over budget by \$5,323,633. The surplus of revenue was primarily due to an adjustment for IMRF GASB 68 reporting. The Authority spent \$3,345,413 less than what was budgeted for operating expenses, excluding depreciation. During the current year, the Authority had excess budget in such areas as salaries, supplies, and contractual expenses.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Authority's investment in capital assets as of April 30, 2022 was \$374,706,803 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, treatment plant, sewers and lift stations, and machinery and equipment.

| | Capital A Net of Depr | |
|--------------------------|--------------------------|-------------|
| | 2022 | 2021 |
| Land | \$ 7,133,115 | 6,504,031 |
| Construction in Progress | 13,484,464 | 17,288,535 |
| Treatment Plant | 67,285,752 | 69,360,244 |
| Sewers and Lift Stations | 280,853,344 | 275,930,442 |
| Machinery and Equipment | 5,950,128 | 7,401,313 |
| Total | 374,706,803 | 376,484,565 |

CAPITAL ASSETS AND DEBT ADMINISTRATION - Continued

Capital Assets - Continued

This year's major additions included:

| Land | \$ | 552,872 |
|--------------------------|----|-----------|
| Construction in Progress | 1 | 4,071,871 |
| | | |

14,624,743

Additional information on the Authority's capital assets can be found in Note 3 of this report.

Debt Administration

At year-end, the Authority had total outstanding debt of \$77,130,572 as compared to \$83,819,932 the previous year, a decrease of (8.0) percent. The following is a comparative statement of outstanding debt:

| | Long-Term Debt Outstanding | |
|--------------------------|----------------------------|--------------|
| | 2022 | 2021 |
| Capital Leases Payable | \$ | - 57,750 |
| General Obligation Bonds | 20,545,000 | 23,905,000 |
| IEPA Loans Payable | 56,585,572 | 2 59,857,182 |
| Total | 77,130,572 | 2 83,819,932 |

Additional information on the Authority's long-term debt can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Authority's board considered many factors when setting the fiscal year 2022 user rates and property tax levy. One of the factors was the local economy. The Authority's population has declined in recent years with the unemployment rate in Winnebago County increasing dramatically between 2019 and 2020, primarily related to the pandemic. While the unemployment rates declined somewhat in 2021, taxable property valuations in 2021 increased approximately 5.4%, following a 5.6% increase in 2020.

Beginning in 2020 and continuing through 2022, the world experienced an international pandemic due to COVID-19. Although the size and duration of the financial impact has not yet been determined, the Authority and Directors continued efforts in fiscal year 2022 to reduce expenditures and defer capital projects. The Low-Income Household Water Assistance Program (LIHWAP) began providing aid to eligible Authority customers in November 2021.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES - Continued

The Authority aims to operate and maintain its system efficiently and effectively, as well as fund necessary capital improvements. The fiscal year 2023 budget for operating and maintenance expenditures is \$27,117,096, a 3.1% increase from the prior year. The planned outlay for capital projects is \$58,089,300, primarily for rehabilitation, upgrade and replacement of assets at the Authority's water reclamation facilities, as well as new sewer extensions. Capital projects that were delayed comprise \$20,135,000 of the capital project outlay. User charges are budgeted at \$46,213,440, an increase of approximately 5.5% from fiscal year 2022 to cover capital project requirements due to unfunded mandates. The 2021 (collected 2022) property tax levy was \$5,309,061, increasing \$73,277, with the rate declining to \$0.1723 from the prior year's \$0.1795.

In June 2021, a name change occurred and the formerly Rock River Water Reclamation District became Four Rivers Sanitation Authority. The name change represents our mission of returning fresh, clean water to our environment. The new brand symbolizes drops of water becoming incrementally more pure before the water is discharged into the watershed that feeds into the Rock, Kishwaukee, Pecatonica and Sugar Rivers.

REQUESTS FOR INFORMATION

This financial report is designed to provide citizens, customers, and creditors with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the money it receives. Anyone having questions regarding this report or desiring additional information may contact Ms. Julia Scott-Valdez, Director of Management Services, Four Rivers Sanitation Authority, 3501 Kishwaukee Street, Rockford, Illinois 61109.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Four Rivers Sanitation Authority (the Authority) of Illinois was organized in 1926 under the Sanitary Districts Sewage Disposal Act of 1917 to acquire, develop, and manage the sewage disposal system. The Authority encompasses an area which includes the entire City of Rockford, City of Loves Park, Village of Machesney Park, Village of New Milford, Village of Cherry Valley, Village of Roscoe, Village of Winnebago, and a number of unincorporated areas within Winnebago County. The Authority is a separate autonomous taxing district governed by a five-member Board of Trustees, appointed by the Winnebago County Board Chairman with the advice and consent of the Winnebago County Board.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Authority's accounting policies established in GAAP and used by the Authority are described below.

REPORTING ENTITY

In determining the financial reporting entity, the Authority complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus - an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Authority. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

In the Statement of Net Position, the Authority's activities are reported on a full accrual, economic resources basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term obligations/ deferred inflows.

The Authority uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

The Authority utilizes a single proprietary fund. Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities are provided to outside parties.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Measurement Focus

All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting

The Authority's basic financial statements are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for services. Operating expenses include the cost of services, administrative expenses, and depreciation and amortization on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the Authority's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. For the purpose of the proprietary funds' Statement of Cash Flows, cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the Authority's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for business-type activities include user charges.

Prepaids

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. Prepaids are valued at cost, which approximates market.

Capital Assets

Capital assets purchased or acquired are reported at historical cost or estimated historical cost. For movable property, the Authority's capitalization policy includes all items with a unit cost of \$5,000 or more, depending on asset class, and an estimated useful life that is greater than one year. Renovations to buildings and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Donated capital assets are recorded at estimated acquisition value at the date of donation.

Depreciation has been provided using the straight-line method over the following estimated useful lives of the assets:

| Treatment Plant | 15 - 30 Years |
|--------------------------|---------------|
| Sewers and Lift Stations | 15 - 50 Years |
| Machinery and Equipment | 3 - 15 Years |

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Compensated Absences

The Authority employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination, death, or retirement. Earned vacation pay and one-half of all unused sick leave is paid upon termination of employment. Compensated absences start to vest for employees at the end of their orientation period.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Compensated Absences - Continued

The Authority recognizes vacation expense as it is earned. Sick leave pay is recognized at the time the liability vests. An additional amount is accrued for salary-related payments directly and incrementally associated with payment made for compensated absences on termination.

Long-Term Obligations

In the financial statements long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Loan premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Loans payable are reported net of the applicable loan premium or discount. Loan issuance costs are reported as expenses at the time of issuance.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The general provisions that regulate the Authority's budget and appropriation procedures are set forth in Illinois statutes. The Executive Director is required to submit an operating, debt service and capital budget to the Board of Trustees on an annual basis.

Budgeted amounts used for comparison in this report are obtained from the operating budget of the Authority, approved by Authority Board of Trustees, which is prepared in accordance with generally accepted accounting principles, except that depreciation expense is not part of the operating budget, and note principal payments are budgeted as expenses. The budget amounts included in the supplemental information are from the final adopted budget, including all amendments, which were not significant. The budget lapses at the end of the fiscal year

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Authority maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the Authority's funds.

Permitted Deposits and Investments - Statutes authorize the Authority to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds.

Illinois Funds is an investment pool management by the Illinois Public Treasurer's Office, which allows governments within the state to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The Illinois Public Reserves Investment Management Trust (IPRIME) is an investment opportunity and cash management service for Illinois Municipal Treasurers acting on behalf of counties, townships, cities, towns, villages, special road districts, public water supply districts, fire protection districts, drainage districts, levee districts, sewer districts, housing authorities, and all other political corporations or subdivisions of the State of Illinois. Participation in IPRIME is voluntary. IPRIME is not registered with the SEC as an Investment Company. Investments in IPRIME are valued at the share price, the price for which the investment could be sold.

Interest Rate Risk, Credit Risk, Concentration of Credit Risk, and Custodial Credit Risk

Deposits. At year-end, the carrying amount of the Authority's deposits totaled \$26,054,935 and the bank balances totaled \$26,771,952. In addition, the Authority also has \$21,248,456 invested in the Illinois Funds, which has an average maturity of less than one year, and \$9,672,146 invested in IPRIME, which has an average maturity of less than five years.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority attempts to match its investments with anticipated cash flow requirements. The Authority's investment's policy limits the average maturity of the total portfolio to a maximum of five years. Investments in securities in excess of five years shall coincide as nearly as practicable with the expected use of the funds.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations. The Authority limits its exposure to credit risk by pre-qualifying all financial institutions and other intermediaries with which the Authority conducts business. The Illinois Funds rated AAAm by Standard & Poor's.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the Authority's investment in a single issuer. The Authority limits its exposure to concentration of credit risk by established guidelines for diversification of the investment portfolio by limiting investments to certain investments categories and certain percentages of the portfolio. At year-end, the Authority does not have any investments over 5 percent of the total cash and investment portfolio.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Interest Rate Risk, Credit Risk, Concentration of Credit Risk, and Custodial Credit Risk - Continued

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority's investment policy does not address custodial credit risk for deposits. At April 30, 2022, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. To limit its exposure, the Authority's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis. The underlying investments held by a third party acting as the Authority's agent separate from where the investment was purchased or by the trust department of the bank where purchased, in the Authority's name. The Authority's investment in the Illinois Fund is noncategorizable.

PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them in two fairly equal payments with a third lesser payment of any disputed taxes.

INTERGOVERNMENTAL AGREEMENT

On December 21, 2011, the Village of Winnebago (the Village) entered into an agreement with the Authority to construct a new sanitary sewer, pump/lift station and force main for the sanitary sewer system needed to connect the Village sanitary sewer system to the Authority sanitary sewer system. The agreement specifies that the Authority will finance all construction costs of the improvements. In return, the Village will pay the Authority 25.75% of the debt service payments related to the IEPA Fuller Creek Phase C loan. Additionally, the Village will pay the Authority 75% of the debt service payments related to the IEPA Fuller Creek Phase D and F loan.

The Authority shall own, operate, and maintain the sanitary sewer improvements. The receivable to be paid by the Village each year is as follows:

| Fiscal | |
|-------------|---------------|
| Year | Amount |
| 2023 | \$ 314,588 |
| 2024 | 320,129 |
| 2025 | 325,766 |
| 2026 | 331,502 |
| 2027 | 337,341 |
| 2028 - 2032 | 1,777,929 |
| 2033 - 2037 | 1,940,089 |
| 2038 - 2042 | 833,870 |

| Total Net Capital Assets | 376,484,565 | 16,114,095 | 17,891,857 | 374,706,803 |

Depreciation expense of \$16,386,590 was charged to operations during the fiscal year.

LONG-TERM DEBT

Capital Leases Payable

The Authority has entered into a capital lease agreement as lessee for financing the acquisition of computer equipment. Capital assets of \$386,123 have been added to machinery and equipment. This lease agreement qualifies as a capital lease for accounting purposes and; therefore, have been recorded at the present value of the future minimum lease payments as of the inception date. The lease payment has been paid in full as of April 30, 2022.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

General Obligation/Alternate Revenue Source Bonds

The Authority issues general obligation/alternate revenue source (ARS) bonds to provide funds for the acquisition, construction and maintenance of major capital facilities. General obligation/ARS bonds are direct obligations and pledge the full faith and credit of the Authority. General obligation/ARS bonds currently outstanding are as follows:

| Issue | Beginning Balances | Issuances | Retirements | Ending Balances |
|--|-----------------------|-----------|-------------|--------------------|
| General Obligation (ARS) Bonds of 2013A, due in annual installments of \$765,000 to \$2,405,000 plus interest at 2.00% to 3.00% through December 15, 2022. | \$ 2,810,000 | | 1,390,000 | 1,420,000 |
| General Obligation Bonds of 2014, due in annual installments of \$350,000 to \$670,000 plus interest at 2.00% to 5.00% through December 15, 2033. | 6,680,000 | | 400,000 | 6,280,000 |
| General Obligation (ARS) Bonds of 2017, due in annual installments of \$215,000 to \$1,025,000 plus interest at 3.00% to 3.25% through December 15, 2028. | 7,280,000 | _ | 860,000 | 6,420,000 |
| General Obligation (ARS) Bonds of 2018, due in annual installments of \$265,000 to \$405,000 plus interest at 3.00% to 5.00% through December 15, 2028. | 2,760,000 | | 290,000 | 2,470,000 |
| General Obligation (ARS) Bonds of 2019, due in annual installments of \$410,000 to \$600,000 plus interest at 2.00% to 5.00% through December 15, 2029. | 4,375,000 | | 420,000 | 3,955,000 |

LONG-TERM DEBT - Continued

Pledged Revenue

The General Obligation Alternate Bonds are to be paid from revenues of the system remaining after the payment of operation and maintenance costs of the system and any required monthly deposits and credits have been made as required by any ordinances adopted in the future authorizing the issuance of any future series of prior lien sewerage revenue bonds. These pledges will remain until all bonds are retired.

The amount of the pledges remaining as of April 30, 2022 is as follows:

| Debt Issue | Pledged Revenue Source | Pledge Remaining | Commitment End Date |
|--|---------------------------|---------------------|------------------------|
| | | | |
| General Obligation (ARS) Bonds of 2013A | Revenues of the system | \$ 1,455,500 | 12/15/2022 |
| General Obligation Bonds of 2014 | Revenues of the system | 8,433,150 | 12/15/2033 |
| General Obligation (ARS) Refunding Bonds of 2017 | Revenues of the system | 7,195,388 | 12/15/2028 |
| General Obligation (ARS) Refunding Bonds of 2018 | Revenues of the system | 2,931,550 | 12/15/2028 |
| General Obligation (ARS) Refunding Bonds of 2019 | Revenues of the system | 4,819,450 | 12/15/2029 |

A comparison of the pledged revenues collected and the related principal and interest expenditure for fiscal year 2022 is as follows:

| | | Pledged | Principal | |
|---|------------------------|------------------|---------------|------------|
| | Pledged | Revenue | and | Commitment |
| Debt Issue | Revenue Source | Collected | Interest Paid | End Date |
| | | | | |

| IEPA Loans Payable | (56,585,572) |
| | |
| Net Investment in Capital Assets | 296,128,314 |

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

The Authority is exposed to various risks of losses related to torts and health claims; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority is covered by commercial insurance for all programs. The Authority switched from a self-insured workers' compensation plan to a fully insured plan beginning May 1, 2020.

COMMITMENTS

The Authority has entered into certain agreements in connection with the construction of sewer and other various projects. Outstanding commitments at April 30, 2022 totaled approximately \$20,391,399 of an IEPA Loan L17-5882 for Primary Filtration construction project, including interest at 1.11%. The project is still in the construction phase and, therefore, no repayment schedule has been determined as of April 30, 2022. First repayment anticipated due June 17, 2024 with final repayment due December 17, 2043.

NOTE 4 - OTHER INFORMATION - Continued

CONTINGENT LIABILITIES

Litigation

The Authority is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Authority's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Authority.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Authority expects such amounts, if any, to be immaterial.

Financial Impact due to COVID-19

In March of 2020, the World Health Organization declared the COVID-19 virus a public health emergency. As of the date of this report, the extent of the impact of COVID-19 on the Authority's operations and financial position cannot be determined.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The Authority contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multipleemployer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at <u>www.imrf.org</u>. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Descriptions

Plan Administration. All hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Benefits Provided - Continued. IMRF provides two tiers of pension benefits. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2021, the measurement date, the following employees were covered by the benefit terms:

| Inactive Plan Members Currently Receiving Benefits | 149 |
|--|-----|
| Inactive Plan Members Entitled to but not yet Receiving Benefits | 33 |
| Active Plan Members | 113 |
| | |
| Total | 295 |

NOTE 4 - OTHER INFORMATION - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Contributions. As set by statute, the Authority's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended April 30, 2022, the Authority's contribution was 9.85% of covered payroll.

Net Pension (Asset). The Authority's net pension (asset) was measured as of December 31, 2021. The total pension liability used to calculate the net pension (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2021, using the following actuarial methods and assumptions:

| Actuarial Cost Method | Entry Age Normal |
|--|---------------------|
| Asset Valuation Method | Fair Value |
| Actuarial Assumptions Interest Rate | 7.25% |
| Salary Increases | 2.85% to 13.75% |
| Cost of Living Adjustments | 2.25% |
| Inflation | 2.25% |

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued. For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| | | Long-Term |
|---------------------------|--------|----------------|
| | | Expected Real |
| Asset Class | Target | Rate of Return |
| | | |
| Fixed Income | 25.00% | 2.00% |
| Domestic Equities | 39.00% | 4.50% |
| International Equities | 15.00% | 5.75% |
| Real Estate | 10.00% | 5.90% |
| Blended | 10.00% | 4.30% - 8.10% |
| Cash and Cash Equivalents | 1.00% | 1.70% |

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Authority contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension (asset) to changes in the discount rate. The table below presents the net pension (asset) of the Authority calculated using the discount rate as well as what the Authority's net pension (asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

| | | Current | | |
|---------------------|----|-------------|---------------|--------------|
| | 1 | % Decrease | Discount Rate | 1% Increase |
| | | (6.25%) | (7.25%) | (8.25%) |
| | | | | |
| Net Pension (Asset) | \$ | (2,376,651) | (10,067,543) | (16,296,332) |

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended April 30, 2022, the Authority recognized pension revenue of \$2,720,428. At April 30, 2022, the Authority reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources | Totals |
|---|--------------------------------------|-------------------------------------|--------------|
| | | | |
| Difference Between Expected and Actual Experience | \$ 1,357,854 | (510,552) | 847,302 |
| Change in Assumptions | 172,177 | (172,468) | (291) |
| Net Difference Between Projected and Actual | | | |
| Earnings on Pension Plan Investments | | (10,176,573) | (10,176,573) |
| Total Expense to be Recognized in Future Periods | 1,530,031 | (10,859,593) | (9,329,562) |
| Contributions Subsequent to Measurement Date | 294,557 | | 294,557 |
| | | | |
| Total Deferred Amounts Related to IMRF | 1,824,588 | (10,859,593) | (9,035,005) |

\$294,557 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the reporting year ended April 30, 2023. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Notes to the Financial Statements April 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The Authority's defined benefit OPEB plan, Retiree Benefit Plan (RBP), provides OPEB for all permanent full-time general employees of the Authority. RBP is a single-employer defined benefit OPEB plan administered by the Authority. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the Authority Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. The Authority provides continued health insurance coverage at the active employer rate to all eligible employees in accordance with ILCS, which creates an implicit subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement under the Authority's retirement plan. Upon a retiree reaching age 65 years of age, Medicare becomes the primary insurer and the retiree is no longer eligible to participate in the plan, but can purchase a Medicare supplement plan from the Authority's insurance provider.

The Authority will contribute the prevailing group premiums for health insurance if an employee retires between age 62 and 65 with at least 12 years of service at the Authority. Eligible retirees contribute at the same rate as active employees. All other retirees contribute 100% of the cost (blended) of coverage.

Plan Membership. As of April 30, 2022, the measurement date, the following employees were covered by the benefit terms:

| Inactive Plan Members Currently Receiving Benefits | 9 |
|--|-----|
| Inactive Plan Members Entitled to but not yet Receiving Benefits | |
| Active Plan Members | 104 |
| | |
| Total | 113 |

Total OPEB Liability

The Authority's total OPEB liability was measured as of April 30, 2022, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the April 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

NOTE 4 - OTHER INFORMATION - Continued

OTHER POST-EMPLOYMENT BENEFITS - Continued

Total OPEB Liability - Continued

Actuarial Assumptions and Other Inputs - Continued.

| Inflation | 2.50% |
|--|---|
| Salary Increases | 3.50% |
| Discount Rate | 3.98% |
| Healthcare Cost Trend Rates | 6.27% for 2022, decreasing to an ultimate rate of 4.50 for 2037 and later years |
| Retirees' Share of Benefit-Related Costs | 100% of projected health insurance premiums for retirees |

The discount rate was based on the index rate for 20-year tax-exempt general obligation municipal bonds rated AA or better at April 30, 2022.

Mortality rates were based on the PubG.H-2010(B) Mortality Table - General (below-median income) with future mortality improvement using scale MP2020.

Change in the Total OPEB Liability

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The discount rate used to measure the total pension liability was 3.98%, while the prior valuation used 2.12%. The following presents the total OPEB liability, calculated using the discount rate, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher:

| | | Current | |
|----------------------|--------------|---------------|-------------|
| | 1% Decrease | Discount Rate | 1% Increase |
| | (2.98%) | (3.98%) | (4.98%) |
| | | | |
| Total OPEB Liability | \$ 2,079,351 | 1,922,360 | 1,781,656 |

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability, calculated using a variable Healthcare Trend Rate, as well as what the total OPEB liability would be if it were calculated using a Healthcare Trend Rate that is one percentage point lower or one percentage point higher:

| | | Healthcare | |
|----------------------|--------------|------------|-------------|
| | | Cost Trend | |
| | 1% Decrease | Rates | 1% Increase |
| | (Varies) | (Varies) | (Varies) |
| | | | |

Notes:

This schedule is intended to show information for ten years. Information for additional years will be displayed as it becomes available.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Changes of Assumptions. Changes in assumptions related to the discount rate were made in 2019 to 2022.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

Combining Statements - by Subfund

Budgetary Comparison Schedules - General Operations Subfund

Combining Statement of Net Position - by Subfund April 30, 2022

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Authority's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the Authority's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Authority's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Authority's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Authority's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Authority's financial report relates to the services the Authority provides and the activities it performs.

Net Position by Component - Last Ten Fiscal Years April 30, 2022 (Unaudited)
