Contractor will not allow grass clippings to accumulate on hard surface areas or on roadways. Contractor will establish mowing patterns and operate equipment to ensure that no scalping occurs. Sufficient care must be exercised around trees, shrubs and other plants to ensure they are not “barked” by running into them.
- F. Environmental Concerns.** Contractor will apply no herbicides, fertilizers, or other chemicals without the Authority’s prior written permission. Contractor will maintain all equipment in good, safe, operating condition. Blades will be maintained sharp to ensure grass is cut properly. Contractor will likewise ensure that oil and fuel do not leak onto any surfaces. - G. Frequency.** Locations must be mowed a minimum of once per week for the duration of the contract. Grass or weed height will be the sole determinant of the need for more frequent mowing. The successful proposer will ensure that grass or weed height on any and all surfaces is between 2-1/2 and 5 inches at all times. It is conceivable that the successful proposer may need to mow some areas more than once a week in the height of the growing season. The exhibits provide diagrams of mowing conditions. The successful proposer will inspect locations with sufficient frequency that grass or weed heights do not exceed those specified in this document. Contractor will likewise inspect sites with sufficient frequency to ensure refuse, tree branches and trash are not evident, and will take necessary steps to remove such refuse, tree branches, and trash if found.

- H. Communication with Authority.** Contractor will inform the Authority of any vandalism, storm damage, tree branches or other unusual conditions whenever they are encountered. - I. Term of Service.** The Authority anticipates normal mowing activities to begin on April 1 and end October 31. The proposal form and contract pricing are evaluated and awarded on this basis. In the event of seasonable weather requiring additional services beyond October 31, the Authority will request the successful proposer to continue standard services as described herein until such time that it is determined by the Authority to be unnecessary. The Authority anticipates no more than one additional month would be necessary. In this event, the successful proposer will invoice the Authority for the additional month at the then current monthly amount. This additional service and compensation will only be made if the additional services are requested in advance by the Authority.
- J. Contract Duration.** If the Authority awards a contract, the contract duration will be one (1) mowing season. The successful proposer will provide the Authority with Lawn Maintenance Service beginning April 1, 2023, continuing through October 31, 2023. If the Authority and the successful bidder agree in writing, the contract may be extended beyond the October 31, 2023 date for an additional two (2) mowing seasons. The Authority desires to award a contract to only one responsive and responsible proposer meeting the requirements.
- K. Price Increases Prohibited.** Except for changes to which the Authority and the contractor agree because of revisions to the scope of the Lawn Maintenance Service the Authority requires, the Lawn Maintenance Service contract allows for no price increases. The successful respondent must not raise their fees over the entire duration of the contract.

3.5 Payments to Successful Proposer

The successful proposer must invoice the Authority monthly, after completion of specified work in any given month. The Authority will deny invoices for any costs not included in the successful proposer's original proposal, unless the successful proposer attaches Authority management's written pre-authorization for additional payment. Section 2.12 of this Request for Proposal contains the Authority's general payment requirements.

3.6 Questions

Interested parties may direct questions concerning this Request for Proposals or for specific details regarding services to be performed to Dave Daughenbaugh, Fleet & Inventory Manager; email: ddaughenbaugh@fourrivers.illinois.gov; phone: 815-387-7583. The Authority will not interpret specifications for individual proposers. If the Authority determines that the specifications need to be clarified or revised, it will issue an addendum to all prospective proposers.

3.7 Insurance

A. The successful respondent/contractor must, for the duration of the contract, maintain the following:

General Liability: \$1,000,000 combined single limit per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit must apply separately to this project or the general aggregate limit must be twice the required occurrence limit.

Auto Liability: \$1,000,000 combined single limit per accident for bodily injury and property damage including coverages for owned, hired or non-owned vehicles, as applicable.

Workers' Compensation and Employers' Liability: Workers' Compensation limits as required by statute and Employers' Liability limits of \$500,000 per accident and \$500,000 per disease.

Umbrella: \$2,000,000 per occurrence/aggregate.

The policies must contain, or be endorsed to afford Contractual Liability coverages for the following provisions in the General Liability and Automobile Liability coverages:

1. The Authority, its officers, officials, employees, and volunteers must be covered as additional insureds as respects liability arising out of activities performed by or on insured's general supervision of the successful respondent/contractor, products and completed operations of the successful respondent/contractor, premises owned, occupied or used by the successful respondent/contractor, or automobiles owned, leased, hired, or borrowed by the successful respondent/contractor. The coverage must contain no special limitations on the scope of protection afforded to the Authority, its officers, officials, employees, volunteers, or agents.

2. The successful respondent's/contractor's insurance coverage must be primary insurance as respects the Authority, its officers, officials, employees, volunteers, and agents. Any insurance or self-insurance maintained by the Authority, its officers, officials, employees, volunteers, or agents must be in excess of the successful respondent's/contractor's insurance and must not contribute with it.

3. Any failure to comply with reporting provisions of the policies must not affect coverage provided to the Authority, its officers, officials, employees, volunteers, or agents.

4. The successful respondent's/contractor's insurance must apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

B. Proof of Insurance – Certificate of Insurance and Additional Insured Endorsements. No more than ten (10) calendar days subsequent to the Authority's issuance of an award letter and no later than thirty (30) days before commencement to work, the successful respondent/contractor must provide documentation including a Certificate of Insurance and additional insured endorsements for commercial general liability and auto liability to prove that it has obtained all required insurance and bonds. The Certificate of Insurance must state Four Rivers Sanitation Authority is additional insured under the commercial general liability and automobile liability on a primary, non-

contributory basis. The primary, non-contributory additional insured endorsements for commercial general liability and automobile liability must be provided. The Authority is the sole judge as to the acceptability of any such proof.

C. Correction of Successful Respondent's/Contractor's Insurance Deficiencies.

If the Authority determines the successful respondent's/contractor's insurance or documentation does not conform to the specifications, the Authority will inform said respondent/contractor of the non-conformity. If said respondent/contractor fails to provide conforming insurance or documentation within five (5) calendar days of the Authority's notice, it is in default.

D. Suitability of Insurance. The Authority is the sole judge of whether an insurer's rating is satisfactory. The Authority's decision is final and the Authority's request for proposal procedures contain no appeal provision.

E. Best Ratings.

1. Alphabetical Rating. For purposes of this Request for Proposals, "insurer" means any surety, insurance carrier, or other organization which proposes to provide an insurance policy or bond for the successful respondent/contractor. No insurer or surety rated lower than "A-," **Excellent**, in the current Best's Key Rating Guide is acceptable to the Authority.

2. Financial Size Rating. Provided an insurer's alphabetical rating is satisfactory, the Authority will examine said insurer's financial size rating.

a) If Best classifies the insurer XII or larger, said insurer is acceptable to the Authority.

b) If Best classifies the insurer as smaller than XII, but larger than VI, said insurer must be submitted to the Authority's Director of Management Services and/or the Authority's insurance consultant for review.

Financial Size ratings less than VII are not acceptable and will disqualify the respondent/contractor.

3.8 Indemnification Clause

Successful respondent/contractor must protect, indemnify, hold and save harmless and defend the Authority, its officers, officials, employees, volunteers, and agents against any and all claims, costs, causes, actions and expenses, including but not limited to attorney's fees incurred by reason of a lawsuit or claim for compensation arising in favor of any person, including the employees, officers, independent contractors, or subcontractors of the successful respondent/contractor or Authority, on account of personal injuries or death, or damages to property occurring, growing out of, incident to, or resulting directly or indirectly from the performance by the successful respondent/contractor or subcontractor, whether such loss, damage, injury, or liability is contributed to by the negligence of the Authority or by premises themselves or any equipment thereon whether latent or patent, or from other causes whatsoever, except that the successful respondent/contractor must have no liability for damages or the costs incident thereto caused by the sole negligence of the Authority.

The indemnification must not be limited by a limitation on amount or type of damages

payable by or for the successful respondent/contractor or its subcontractor under any employee benefits act including, but not limited, to the Workers' Compensation Act.

No inspection by the Authority, its employees, or agents is deemed a waiver by the Authority of full compliance with the requirements of the Contract. This indemnification must not be limited by the required minimum insurance coverage in the Contract.

3.9 Force Majeure

The obligations of either the Authority or the successful respondent are suspended during the time as such party is prevented from complying therewith in whole or in part because of any cause, except financial, beyond the reasonable control of such party. In the event of either the Authority or the successful respondent being rendered unable wholly or in part by force majeure to carry out its obligations other than to make payments due, it is agreed that on such party giving notice and full particulars of such force majeure in writing or by facsimile to the other party as soon as possible after the occurrence of the cause relied on, then the obligations of the parties insofar as they are affected by such force majeure are suspended during the continuance of any inability so caused but for no longer period, and such cause must as far as possible be remedied with all reasonable dispatch.
